

NORWEST SAFETY

PROTECTIVE EQUIPMENT FOR OREGON INDUSTRY, INC.

MAY / JUNE 2007

Your Safety Resource Since 1978

Thank You for Choosing Norwest

As an independent safety supplier rounding into our 30th year, Norwest has seen a lot of trends in size and style in our industry.

The world has changed a lot during those years. We use different tools today and what a crisis we experience when our wonderful instant email or internet isn't.

We are now in contact with all corners of the world and able to reach out from our desks to find products and solutions timed to the pace of life today.

In the midst of these wonders, some things don't change. At Norwest, we remain committed to the model that we set out to create in 1978 - to work together to meet our customers' expectations. To provide the quality products, fair prices and responsive personal service that earns us a spot on your safety team.

As we celebrate another birthday, we'd like to thank our customers, vendors and friends for their business, their support, and for continuing opportunities to contribute to their productivity and success, from which comes our own.

How can we help you today?

TEAM NORWEST

WHAT'S NEW AT NORWEST?

Can you say "Double Diopters" three times fast???

Safety glasses that not only offer a reader's feature, but do it twice, at the bottom AND the top of the lens, make it easy to focus on fine work overhead. If this is a challenge you face, try Smith & Wesson dual segment safety readers. Available in clear lens 1.5, 2.0, 2.5 for \$11.75.

Packing up sensitive instruments, testing equipment, custom tools? **PELICAN CASES** are the max in protection, come in shapes and sizes from iPod to laptop to carry-on to military cargo cases. Some with wheels! Interiors can be customized to your contents.

Pelican EMS Cases feature specially engineered medical supply system with custom configured lid, organizer and trays for EMS professionals. 3 Sizes available: 1500/1550/1600 EMS.

May-June Glove Specials

Superior grip & flexibility!
FLEXGRIP by Majestic is a blue latex palm-coated glove with a light-weight nylon shell that reduces hand fatigue with greater flexibility and comfort. This machine-washable glove is ergonomically designed to fit snugly and the latex coating is textured for maximum grip.
NWS 60023 Sizes S-XL \$14.40/dz.
Now through June 30!

On The Calendar
